## Mission Canyon Reclaimed Wood Coffee Table

CHB1195

### From the Montecito Collection

Our Montecito Mission Canyon Coffee Table is simple, clean cut, and finished with a rich patina that relishes and celebrates the character and charisma of reclaimed wood. Hand crafted from rustic reclaimed pinewood salvaged from old farmhouse doors, the marks of distress and imperfections in the wood bear a unique time-worn story that will age gracefully for generations to come. With a handsome design and generous storage space, this piece is stately fashioned, fitting seamlessly into any space in your home.
